

**ARDEN COURTS MEMORY CARE IS
PROUD TO OFFER:**

Alzheimer's Foundation of America's National Memory Screening Program

*Are you caring for a loved one who
is experiencing memory problems?*

*Are you concerned that your loved
one's memory loss may be an early sign
of dementia?*

*Does Alzheimer's disease or dementia
run in your family?*

A memory screening is a series of questions and tasks designed to gauge memory, language and thinking skills. Screenings last just 5-10 minutes, and while the results are not a diagnosis, scoring below the normal threshold can signal that someone should follow up with a clinician for a full evaluation. There are a number of reasons a person could be experiencing memory issues, including vitamin deficiencies, thyroid problems and depression.

**Friday,
October 23, 2026**

**SCHEDULING FROM
9:00 AM TO 4:00 PM**

CO-SPONSOR & EVENT LOCATION

**Oak Lawn
Public Library**

9427 Raymond Avenue
Oak Lawn, IL 60453

To schedule your appointment
for a FREE, confidential memory
screening, call or email: Zac Frazier
at zfrazier@olpl.org or

708-422-4990 ext. 505

A memory screening is not used to diagnose any
illness and does not take the place of evaluation
by a qualified healthcare professional.
